August 18, 2025 PRESS RELEASE: FOR IMMEDIATE REEASE

**ADDRESS TO THE CITY OF FORT MYERS FLORIDA
CITY COUNCIL**

Ward 4 City Councilman Dr. Liston Bochette asked me in the fall of 2021 to write a set of pamphlets and for the explanation of the forces tearing our City of Fort Myers, Florida and nation apart. This writing is especially difficult as I am challenged by my intellectual disabilities and unique intellectual abilities. I am profoundly honored to do this work and yet I am cast into this role by the natural forces of my life and the government, academic and institutional forces that oppose a natural and citizen inventor in visual art history / painting

To the Hindu prana vision can bring spiritual enlightenment. It is unknown to Hindu and all institutions and people - that to western academic occult - prana vision brings intelligence itself and intellectual, material domination - world dominance.

In 1975 We were allowed to take one studio class our second year of study at the former Atlanta College of Art (now SCAD Atlanta). My professor for intro drawing was artist Richard Hill and who is from Fort Myers, Florida.

Using masking tape Professor Hill taped off a large square section of a window opening up to a clear blue sky. We were on the third floor of the High Museum, Atlanta, Ga.

Professor Hill asked the class what they saw. I told him there were dots of energy in the sky / air that come into your eye and open up like little movies. Professor Hill told the class I was exactly correct. He explained what I described as "prana vision". Professor Hill was a little stunned but happy about my answer. There was almost no chance for this question to be answered.

I was blown away that this phenomenon was known and there was a name to what I had always experienced. This was so profound and personal to me I hardly had any contact with Professor Hill after that.

in 2022 I went to be treated for stress and most unusually found my Doctor to be an MD, a Hindu Swami and Buddhist Bodhicitta. I was prescribed meditation on his teachings and the teachings of the controversial Indian philosopher and mystic Osho (both on You Tube). The Dr was interested in my work and helped me face my public speaking fears. He thought it was wasted energy to fight entrenched institutions and for me to focus on meditation. Later when I returned to see him he tested the authenticity of the sound I use for Transcendental Meditation (since 1974). We discussed Hindu prana vision but not as a central perceptual force, not as intelligence itself.

The Doctor then preformed an intimate procedure on me where he non-physically encompassed my sitting body with his body and outstretched arms. I felt his presence inside my mind and body. It was a softly dynamic presence and a wonderful but short experience. The Dr proclaimed I was free of mental disease or defect. He told me I existed on the highest level of human consciousness and was resting on my laurels. He told me I would go on to do greater things that I had not envisioned yet.

The individual of prana vision was/ is no longer needed by the US western academic occult as control has been established through the computer. No

outsider would be allowed to force change on the “collective we”- an academic conceptual communism. An academic conceptual communism was put in place here in the City of Fort Myers and Lee County and our institutions to stop prana vision, to stop the “seer”.

We are in the period of US Government and corporate computer (AI) control, to establish illusions and bewilderment and for domination of the citizens and without giving a knowable representation.

In [yoga](#), [Ayurveda](#), and [Indian martial arts](#), **prana** (प्राण, *prāṇa*; the [Sanskrit](#) word for breath, "life force", or "vital principle")^[1] permeates reality on all levels including inanimate objects.^[2] In Hindu literature, *prāṇa* is sometimes described as originating from the [Sun](#) and connecting the [elements](#).^[3]

Hindu Prana is associated with breath, with air.

Prana vision to the western academic occult concerns how the eye breaths, inhales energy and exhales energy and creates intelligence itself. This is unknown

My brother Lee also had this ability to perceive prana vision and we had discussed it while growing up. He had fashioned a short dance move, a twist, to illustrate the sensation of Prana vision, of coming inside out. Lee would put his hand on his hip and with the other hand and arm move it into the closed space of his bent arm on hip while spinning around and move like he was going through a passageway. Lee Had a word for it “Ya- no- zo”. The experience of Prana vision was refreshing, delightful like turning inside out with a small joy like being born anew
